Apparel+ delivers the ultimate convenience at an exceptional value. With worry-free apparel care, your employees can focus on their job while remaining comfortable, safer and looking their best. When new workers begin at your company, we manage sizes and stock for you, ensuring each employee is outfitted properly, and on a timely basis, in visibility workwear.

A dedicated Cintas® representative scans and picks up ready-to-laundry work apparel from your business and takes it back to our facility.

Apparel is scanned again, laundered and inspected for damage. We take care of any repairs and replacements at no charge to you.

We return to your business the following week to bring back clean garments. Your Cintas rep picks up ready-to-laundry workwear from the previous week, starting a new service cycle.
